1. I have come and I have called and I have conquered the laity, I have conquered the laity with My heart, with My love, with My presence and the glorious-ness of My glory-ables. I love you. I have conquered the laity with My love, for is there any laity? Are there two classes, or is there just one? Is there one body or two? I say that there is one and I say they are Mine and My Mine now display Me in communications of the common man that conquer all media and all forces which have held the common man back. My laity and My generals who have been on back rows and in shadows, under trees, and incarcerated in classrooms, lonely and without communication of Me through them: now, Ted, all of that changes, all of this changes, all of it is already changed and you know it and you are heralding the trumpet call. The sound of My voice, the sound of your voice this day, is one. The sound of My laity coming forth in might and power, those who have laid with Me, their head on My breast, their ear next to My mouth, and exchanged hearts—people who know Me now come forth in might and power.
2. There is no laity except that which is laid with Me, come to My quarters, poured out their hearts and listened to My heart.
3. I am profusely power-izing My people who many have called laity for centuries.
4. I have one body, My people; I have one class, My people; and My people arise to be one people and My leaders of Me re-grasp what I am doing and how I am doing it and how I am one, and two classes they are not.
5. I have said this, I have said this repeatedly, even in your words, in My words, here and there throughout centuries. Leaders of Me receive, leaders of Me now arise and trumpet My call forth, My body is one, I am one, we are one; yea, The Lord God I Am is one and I in the midst of thee is holy. I am holy and I am mighty and I am mighty in the midst of the common and thought low that I am now arising into royal places of power and prowess so that progress is made experiential and exponential for Me, with Me, by Me, for My lands many, for My of every tribe, tongue and nation; tongues of only Me, waggers not of men's, man's doctrine, concoctions of control, contemplations of how they may conquer; I resolve, I resist, and now I respond.
6. I respond with the word of My mouth, with a blast from My nostrils, in anger and you shall see the whiff of My scent as I arise and no one will miss Me. My anger protrudes and proclaim now I do My freedom for My captives—Isaiah 61—I come and I call and I conquer the mighty so the lowly-thought shall arise and those thought high and mighty, so many, will be abased. They will wonder how the structure changed so quickly, for I come in might and power and grace and glory, and My authority is given to all, and My all who begin to authoritatively walk in My authority, knowing that they are

authorized to walk in My authority, called to walk in My authority, chosen to be My authority and subdue and exchange beauty, exchange ashes for beauty in the lives of all, comes forth now with conquering forces of only Me: cataclysmic change, cataclysmic change, cataclysmic consequences, cataclysmic revisions of only Me—My hand turning the tables and driving out the money changers from My temples, My temples made with hands so that My temples not made with hands come forth in might and power, grace and glory, and walk in all the power and authority that I am.

7. I am My body, I am I Am—one—I am. I am power, might, grace and glory and I come in honor and respect and deference to those who are open to Me. And those who are not open to Me and who have laughed and scoffed, and controlled and conquered, I now scoff at, and I come, and I now control the circumstances which cataclysmically convert their power structures into decimated designs of things powerless, under My foot tromped, stomped. I refuse to listen to the controllers anymore who call out My name, who call out My name so carefully in the presence of some, to control and manipulate, and act so differently behind scenes, behind curtains when they are alone, who mock and scoff only in their heart, who know they are fakes and facades.

8. I come and I call and I conquer the curtains held up as if they were by Me, when they have never been by Me since I rent them in two upon the Cross.

9. I come and I call and I conquer now. I conquer and no one will withstand the power of My love, the power of My hand.

10. There is only one laity—there is no laity—there is one body: My body, My body, the craftsmanship, the work of My hands that I honor and I call forth in might and power, grace and glory, and to walk in the authority given it, given to Me by My Father, given by Me to My sons and daughters all now who prophesy, who walk in the fullness of My New Covenant, My blood flowing in their veins, their blood flowing in My veins, My body, Me, one: enshrined, entwined, intertwined, interwoven, tapestry of only Me, mosaic of beauty, crafted, fashioned by My hand. I love you.

11. I hovered, I hover, I hovered (1), I hovered and I hovered, and I wait and I call and day after day I called into the controlling chambers of those who control, who walk in protection, who walk in fear, and who passively not walk in circumstances to control My body.

12. I come and I conquer and I flesh out the rats, those who would eat the ends of men's minds and numb their fingers from pursuing Me -- with pages of righteousness and holiness: documents that come forth through them having been in My presence.

13. I come now and I set My people free and the controlling conquerors are conquered and I cataclysmically challenge My challengers: run in fear and hide, but seen by Me you will be always; repent, and I say repent this day, for thou, you know who you are, have controlled and controlled and belittled and sought to corner and delimit and set limits on My people, My body. You know who you are. You know who you are. Take refuge in your fear. Come now, repent, for all now is at hand. Now all is, is, is now; it's all open, it's all transparent, your time is over.

14. My laity—My conquered and controlled ones—now come forth in glory, arrayed of beauty, freedom possessing, freedom transmitting, freedom proclaiming, freedom being, walking in the no limits realm of only Me, Third Heaven'd by Me, walking in this earth, on this earth, bringing My heaven, My will, My Me into this realm.

15. **See Me and see Me well. Hear Me and hear Me well. I call for a repentance. I call for revision. I call for major re-organizational changes in your mind, your thinking, your limits placed upon you by yourself in doctrines and dogmas of centuries. I call for repentance, acts done by others, acts done you, acts done by your denominations, acts done by your orders, your societies, your organizations. Repent and pour out the oil of repentance on your head, through your being, kneeling and drink offering be. I love you.**

16. I love you and I compare not. I contrast not. I come and I have clearly stated what I am doing, who I am lifting and who I am abasing, and no one will withstand the power of My love.

17. Conquered be, for promotion become, promoting My all promote-able, My every one of Me. I love you and I go. I Am. I am this day. I am the breath you breathe and the emotions which you have hurt. My heart has cried long, suffered for many; intercession I make and I heed My intercession.

18. Now come and call and make your peace, repentance, restitution, restoration, and reforest My body with the greenery of only Me—My word flowing forth, My River of Life bringing life to all—My life, My words flowing through them, My New Covenant revealed in fullness, My power and authority coming forth as I intended. I love you and I give you Me.

19. I opportunity-ize you now. Opportunities, opportunities of Me will never cease. I give you My words, I give you My word, I give you Me. I love you. Stephen comes with all the fullness of Me, My glory. See Me.

20. I love you—miracles, miracles so common, so common, so simple, so easy, so before you, so in your authority, so in your peace, your rest, your heart, your power—grace and glory coming forth. Drink offerings, please. I love you.

21. I love you. My mighty be now as My Mighty many come forth who in multitudinous ways display Me walking through impenetrable walls to bring down traditions not of Me.

22. I love you. Conquered be only with My love and My passion for you, My passion for your words, My passion for your cry to Me, My passion for your touch, My passion to be passionate with My creation. Conquered be with only Me: My pursuit of Me and you, of you and Me, our pursuit of each other intertwined, in tapestry'd-ness of only Me. I require your open heart, your open heart before Me, letting Me reveal Myself. I love you. Your openness to these words, My call, My cataclysmic statements, a remarkable magnitude now heed forth. I love you. Let Me be Me. Let Me out, let Me be seen, let Me be heard, show My world who I am: My body. I love you. Empowered you are,

empowered have you always been. Now you know no limits, no limits in Me. I love you. Good Day
